WORK EXPERIENCE

JUNIOR FULL STACK WEB DEVELOPER

SCAI Tecno - SCAI Group, Torino - Tirocinio, Full Time

2023 febbraio - 2023 agosto

- I worked on small projects with Java and Typescript.
- One of them was a marketing platform.

DIGITAL MARKETIG - SOCIAL MEDIA ADS

Al Farah Store, Sirian Technology store - Part Time

2014 - 2017

- Crafted impactful Social Media Ads resulting in a 20% engagement boost.
- Collaborated with other teams such as Products, Store Management and Creative to develop new strategies.

ENGLISH TUTOR

Al Phinique High School - Part Time

2016 - 2018

- I love languages and teaching to high school kids taught me a lot about communication and time management.

EDUCATION

CORSO SVILUPPATORE WEB, POWERCODERS ITALIA

2022 settembre - 2022 dicembre

intensive Bootcamp 3 monthes of web development.
Course languages: JS, HTML, CSS, SQL, git, GitHub, Heroku, Node js, React js, Next js.
The bootcamp aims to create web applications using Next js.
My project is called Keep The Line, a mobile app to let you skip the queue without wasting time waiting.
